12. Формы аттестации

Формой подведения итогов реализации программы выступает текущее, входное, промежуточное и финальное тестирование в форме проверки диагностических заданий.

Контроль знаний, умений и навыков:

В целях оценки показателей знаний, умений и навыков обучающихся в соответствии с требованиями определенного уровня, обеспечения «обратной связи» с программой в части ее реализации и оптимизации процесса

обучения проводятся текущий, входной, промежуточный и финальный контроль знаний.

Виды текущего контроля:

- Наблюдение
- Устный ответ на поставленный вопрос
- Ролевая игра
- Тест после каждого раздела учебника.

Входной контроль знаний проводится на второй неделе обучения, с целью выяснения соответствия уровня владения языком учащимися и предложенной программы.

Промежуточный контроль проводится в форме тестирования по завершению половины учебного плана.

Итоговая аттестация проводится в форме финального тестирования по завершению всех разделов учебника. Цель — установить уровень знаний учащихся с учетом прогнозируемых результатов обучения и требований к результатам освоения образовательной программы.

Система оценивания:

95-100% - высокий уровень (максимальный)

80-94% - повышенный уровень (программный)

75-79% - средний уровень (базовый)

60-74% - необходимый уровень (ниже среднего)

1-59% - необходимый уровень не достигнут

Критерии оценки итогового тестирования по программе:

| Процент | Качественная оценка индивидуальных | | | |
|----------------------|------------------------------------|---------------------|--|--|
| результативности | образовательных достижений | | | |
| (правильных ответов) | Балл (оценка) | Вербальный аналог | | |

I'm Lizzie. I live in Wales with my family. During the week I'm never bored! I get up at half past six in the morning and I get dressed (not in my school uniform!). I wear jeans, T-shirts and my trainers.

Then, at a quarter to seven I go outside and I feed the cats, dogs and horses. We've got six dogs and seven cats! I've also got two horses called Winnie and Foley. I love them.

Then I have my breakfast at seven o'clock: I always have orange juice and fruit. I love bananas and apples!

After that, at half past eight, I walk to school with my friends Carly and Simona. We're never late for school! Sometimes, we play football with the boys before our classes start.

I have got an amazing family. We are all in the circus. Mum can do lots of things - she can walk on her hands, stand on her head and she can ride a horse standing up. Dad is brilliant too - he can juggle and he can play lots of musical instruments. My sister is very clever because she can climb anything and she can dance but she can't sing, but I can! I can sing and speak three languages. I can also use the computer to make posters - no-one else in my family can do that. The other thing that no one in my family can do is cook. We only eat good food when we visit my grandmother. She can cook great cakes which I love.
